

# DENSON HEALTHCARE SOLUTIONS

[www.densonhealthcaresolutions.co.uk](http://www.densonhealthcaresolutions.co.uk)

A DHS rise and recline chair is an investment in your health and safety which can help you to enjoy a better quality of life for years to come by promoting independence and reducing the risk of falling.

Many of our chairs are equipped with the latest massage technology, providing sensational but gentle massage that can radiate throughout the chair and relax the body from head to toe.

- ✓ Built in massage for total relaxation
- ✓ Soothing heat
- ✓ Adjust to your favourite positions
- ✓ Power lift to help you stand
- ✓ Perfect for relaxing, reading and watching TV

*Designed with comfort and ease of use in mind and manufactured to the highest standards using the best materials, our Rise and Recline Chairs can make your life easier than you thought possible.*

All of our chairs are hand-crafted with hard wood frames and steel action. They come with button back or pillow options and a memory foam seat for the ultimate in comfort. Whisper quiet, dual action motors provide maximum adjustability while back-to-sitting battery back-up ensures your safety.

Soothing heat and massage may provide temporary relief from the symptoms of minor aches and pains and low back pain; mild arthritis; simple tension; poor circulation; gastric reflux and heartburn; water retention and swelling of the legs; mild rheumatism and muscle pain; hiatus hernia; and respiratory problems such as asthma, emphysema and bronchitis.

Of course our rise & recliner chairs are no substitute for seeking professional medical advice. We do not pretend they can cure medical conditions but they can make life much easier, with a level of comfort and relaxation that you never thought possible.

**To find out more or to book a free consultation in your own home, call 01158 372 702**

*Peace of mind come as standard with all DHS products. We provide a three year warranty on all of our rise and recline chairs, adjustable beds, mobility scooters, stair lifts and bath lifts.*
